Pick up

Our employees will explain the features of the Motorhome / Camper in German or English. During the pick up procedure you will learn how to operate the equipment. Our team shows you the use of water, gas and electricity and you will get other important information. The instruction needs your full attention and we therefore recommend a short trip on your first day. The vehicles are handed over with a full fuel tank and they have to be returned with a full fuel tank. All our cars are anti-smoking vehicles, it is strictly forbidden to smoke inside. Not only for your safety but also for the pleasure of other renters.

We recommend planning shorter tours. Longer tours are possible but can be stressful for you and your vehicle. Get out of the car, look around, do some hiking...enjoy the gorgeous scenery. It is important that you don't plan too much for the first day. The pick up of the vehicle takes about one hour and requires your full attention as you receive a lot of information during that time.

Free Km

200 km per day are included in your booking. All additional kilometers have to be paid when returning the vehicle. These additional kilometers are calculated on spot according to the valid season and the current rate. We recommend that you think about the required kilometers when you're making the booking.

If you decide that 200km/day are not enough, you can book the unlimited kilometers for 20 CHF per day.

Driver license

A valid driver's license is required for the particular category. A license in credit card format is advantageous but not mandatory. Please bear in mind that some of our vehicles require a higher driver's permission than the B (EU). An International Driving Permit (IDP) / International Driving License (IDL) is also required if the national driver's license is not in the Roman script. The customer is responsible for the validity and type of driver's license.

Driving in Switzerland

The most important speed limit on the highway in Switzerland:

Trucks and all with a trailer: 80 km/h
Motorhomes: 100 km/h
Cars: 120 km/h

If the police is nabbing you, you must pay expensive for your criminal offense.
You can find information about the current road- and weather conditions:

<https://en.camping.info/switzerland/campsites>

<https://www.myswitzerland.com/en-ch/campings.html>

At almost each campgrounds you can fill your water tank and you can use the campground power on your pitch. We only have a swiss adapter for the blue Euro charging cable.
Please note, if you are going to the rest of Europe you need another adapter for this cable.

Trash and Environmental

Please use the trasher in the campground area.
Don't trough it out of the window or lay it down on the roadside!

Drop off

We hope you had an amazing time on your motorhome adventure and created some memories to treasure. Unfortunately, it is time to make your way back to us and return your motorhome. For a quick and easy drop-off, please make sure you do the following things:

Return on time

Your drop off time is marked in the rental agreement given to you on pick up of the motorhome. This time is the cut off time to have handed your motorhome back so we can clean it for the next guests.

Please return a little bit before time, so you can unpack and we have enough time to check through your motorhome with you. Should there be any difficulties, please phone us soon as possible as your motorhome will be going straight back out on hire.

Normal return time is possible during the opening hours. The drop off procedure takes around 45 min. (Opening hours for drop off: daily 9-16.) Outside the opening hours an after hour fee would apply. **150 CHF**

Empty toilet & grey water

Please remember that there is a charge, if you don't empty the toilet and grey water tank. We can do this for you for **160 CHF**.

Fill fuel full

The fuel level has to be full, when bringing back the vehicle to us. We can fill the fuel tank for you, but you have to pay the regular fuel costs on the petrol station and a service fee of **40 CHF**.

Clean inside

At drop off: the vehicle has to be clean (inside and outside), if the motorhome is dirty inside, please note that we have to charge for end cleaning. You can book this service for **150 CHF**. Our cleaning team must clean and prepare the vehicle for the next customer. Just because of that fact we can give a warranty that every customer has the same conditions. All of us like a clean and perfect vehicle for holidays.

All together, please bring the car back in the same conditions as you picked up the motorhome.

We wish you a nice trip in and around Switzerland!

Your Camper King Team.
